MATVEICHENKO VLADISLAV

FRONTEND-DEVELOPER

ABOUT ME

My name is Vladislav, and I am a Ukrainian teenager who aspires to become a front-end developer. I am passionate about building websites and web applications that make people's lives easier, more interesting and better.

I believe that technology has the power to change the world for the better, and I want to use my skills and knowledge to do so. I have analytical and logical skills, as well as a creative approach to problem solving. I am a quick learner and always ready to take on new challenges.
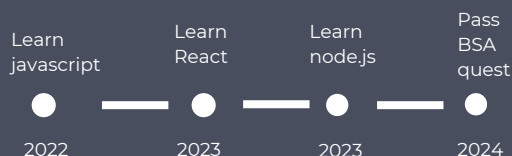

GOAL

- Become a successful front-end developer and grow to fullstack
- Create websites and web applications that will have a positive impact on people's lives
- Continuously learn and develop
